6 주어진 단어를 어법에 맞게 고쳐 우리말을 영어로 옮기시오.

그 오디오션에 참가하려는 사람들의 수가 늘어날 것으로 예상된다.

(people, of, who, want, to increase, to tryout, expect, in, the audition, the number, are)

[7-8] 다음 글을 읽고 물음에 답하시오.

① It is well known that rainforests have been the source of compounds vital to the discovery and potency of many modern medicines. ② The U.S. National Cancer Institute believes that more than 1,430 varieties of tropical plants have properties that could potentially treat cancers, and that more than 70% of plants identified as having anticancer properties are found in rainforests. ③ Without conserving forests, it is impossible to avoid impacts of global warming.

Tropical rainforests act like a giant sponge. ④ They soak up rainfall brought by tropical storms while anchoring soil and releasing water slowly through evaporation. ⑤ This ensures the regular flow of clean water in the region and moderates destructive flood and drought cycles, which are more common on degraded land.

7 위 글의 제목으로 알맞은 것은?

- ① The Values of Rainforests                      ② What and Where are Rainforests?  
 ③ The Moderating Power of Rainforests                      ④ How to Protect Rainforests  
 ⑤ The Source of Many Modern Medicine

8 위 글의 ①~⑤ 중 문맥과 관련이 없는 문장은?
